Ms. Judd:

Sorry for the spelling mistake in your salutation in my previous email.

Jim

Mr. Judd:

Thank you for your email regarding consultation meetings. Transport Canada is not planning any further meetings for this project at this time. If it is determined that a future meeting will be required, I would request the proponent advertise in the Victoria area newspapers of an upcoming meeting. The Victoria International Marina group did hold a meeting for non-motorized users on September 18th. There were two or three people there and after the project was explained, there were very few comments.

As I stated in my last email, the public will be notified in the legal section of the local newspapers and the Canada Gazette where the proposed plans will be available for viewing. Not sure when this will happen, it will depend on when the proposed drawings are ready for submission to Transport Canada. I hope this helps, if you wish to discuss by phone, please call me at the numbers listed below.

Thanks

Jim

Mr Schellenberg, we trust you had a good break and upon your return you are making your way through your emails. I have been asked to enquire whether the meetings with other groups regarding the Victoria International Marina will be open to the public, and if there is a published list of the meetings so interested public can attend?  
Thanks, we will look forward to hearing back.  
Nan Judd (Ms.)

Thank you, Mr Schellenberg, for the information regarding the process. We will look forward to the opportunity to view the proposal and discuss any concerns to Victoria West residents arising out of the proposal.

(Ms.) Nan Judd

Mr. Judd:

Thank you for your letter of September 15th regarding the Victoria International Marina. Transport Canada will be holding a meeting this week for the non motorized recreational marine user groups only. The residents of Victoria West will have other forums at which they will be able to discuss their issues regarding the marina. Once the marina proposal is submitted for review to Transport Canada, the Victoria International Marina will be advertising to the public where the marina plans will be available for viewing. I trust this answers your concerns.

Thank you

Jim

Mr Schellenberg:

Attached is a letter requesting that the Victoria West Community Association be included on your list of invitees to the public consultation process pursuant to the Marine Concepts development. Please confirm receipt of this letter and that the Victoria West Community Association will be included in the public consultation process. Thank you,

Nan Judd
